# **DIRECTORS' REPORT**

The Board of Directors of Ecopack Limited is pleased to present the reviewed financial statement for the Half Year (HY) ended 31st December, 2007.

## **OVERVIEW:**

Your company continues to grow and has once again achieved its highest ever HY net sales in a July-Dec period of Rs.719 million which is a 37% growth over same HY period last year. The new bottle manufacturing plant came into commercial production in July'07 for through the wall supplies to Pepsi Islamabad. The oil price driven steep PET resin cost, self manufacture of bottles by some customers and increased financial charges (42%) in this period has resulted in a Rs.19.9 million after tax loss.

# SALES & OPERATONS:

A healthy sales increase of 37% has come mainly from strong growth in the new preform business (297%) which also includes a small contribution from preform export. Preforms now contribute 23% of company sales. Bottle sales growth of 15% seems modest by comparison but is from a much larger base. Bottles sales growth was somewhat constrained by the unusually severe winter in Nov-Dec 07, further compounded by the beverage industry increasing retail prices in early Nov.'07 and some customers using their own blowing capacities first and therefore, buying more preforms instead.

### FINANCIALS:

The profitability of your company suffered on account of (i) high raw material prices driven in turn by high international oil prices and (ii) the depreciation cost of the new plant capacity expansion, the utilization of which was naturally low in its first off - season. Moreover, other inflationary costs from packing material to manpower, etc contributed to thinning of margins. Increase in financial charges was the other large cost increase (42%), rising from Rs.46.7m last year same period to Rs.66.2m in this HY. This was in the main part due to the jump in long term borrowings (75%) to finance the preform and bottle capacity expansions. It was not possible to fully pass on all these costs to the customers in a post-expansion off-season period. The coming on-line of the new expanded capacity when combined with the above cited inflationary factors has resulted in a drop in after tax profit from Rs.10.4 million last Jul-dec'06 to a loss of Rs.19.9 million for Jul-Dec'07.

A claim on an equipment supplier made for non fulfillment of contractual obligations had been partially provided for in our earlier financials. This claim has been withdrawn and an amicable settlement more than covering our provisions has been achieved and accounted for in this reporting period.

### **EMPLOYEE RELATIONS :**

04

Your company and management are sufficiently motivated to meet these challenges. Focus and investments in improving the quality of our human resource base over the years is now starting to pay off as "cost-efficiency" and "consistent quality" become the buzz words of a rapidly galloping packaging industry.

For & on Behalf of the Board of Director

# Independent Auditor's Report

On Review of Condensed Interim Financial Information to the Share Holders.

# Introduction

We have reviewed the accompanying condensed interim balance sheet of Ecopack Limited as of December 31, 2007 and the related condensed interim profit and loss account, condensed interim cash flow statement and condensed interim statement of changes in equity for the half year then ended and summary of significant accounting policies and other explanatory notes (here-in-after referred to as "interim financial information"). Management is responsible for the preparation and fair presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan. Our responsibility is to express a conclusion on this interim financial information based on our review. The figure of the condensed interim profit and loss for the quarters then ended December 31, 2007 and 2006 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2007.

# Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consist of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as of and for the half year ended December 31, 2007 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan.
